

**Datasheet**  
**Built-in machine light - series 23**  
**Art.n°. 230820-00**

<b>Construction type</b>	
tube luminaire	robust construction
<b>Material specification</b>	
protection tube	Polycarbonate (PC)
2-part screwed fastening	Polybutylene terephthalate (PBT)
cable	2m cable Ölflex Classic 115 CY 5G0,75
<b>Details of light source</b>	
	Branded light source: (T5) T16 /840 8W
	Light output ca. 3300 Lumen
	Light colour: white 4000K
<b>Details EVG</b>	
	EVG (Electronic ballast) separate
	230 Volt 50/60Hz
<b>Environmental temperature</b>	
Application temperature	-10 ...+35
<b>Protection type / protection clas</b>	
Protection type	IP 67
Protection clas	II
<b>Others</b>	
	2 Spring clamps K1
<b>Measurements / weights / packing unit</b>	
Length x diameter	429 mm x 30 mm
Illuminated surface	280 mm
Weight	0,486 Kg
Packing unit	2 piece / 8 pieces
<b>County of origen</b>	
	Fed. Rep. of Germany
<b>Approval mark / Certificate</b>
